

MAKE DEMOLITION THE EASIEST PART OF THE JOB

The Wrecking Claw quickly removes any type of decking materials as well as any fasteners left behind. It is the most efficient and effective tool to remove roofing, decking and strapping materials. It features a patented dual claw head that provides easy removal of any type of fastener from a standing position. This tool is versatile, allowing it the capability to handle a multitude of demolition projects.

REDUCES TIME AND LABOR

Morale and productivity will increase as your work crews blast through demolition. Eliminate the need to get down on your hands and knees using small prying tools.

MAXIMUM LEVERAGE

Save your back, hands and fingers from the aches and pains of removing decking. The Deck Demon slides along the floor joist and you use the leverage of the 44" steel handle to easily remove the boards.

SINGLE & DOUBLE JOIST COMPATIBLE

Easily slide the end over single and double joists to remove any type of decking or boards.

NO DAMAGE TO EXISTING STRUCTURE

With the patented rocker design your existing joists will not be harmed. This will save from having to replace any joists and get the job done quicker. Minimal damage is done to the existing decking material so it can be re-used as needed.
